lauses 2 to 12 passed, and the report as hole was adopted.

n behalf of the Special Committee on Sand, Ald. Browne presented the following report:—

1st. We find from the evidence of the workmen that the earth taken from the street and deposited upon Alderman Taylor's lot was so taken, not only in opposition to the desire of the Engineer, but contrary to his implicit orders, at the behest of Alderman Taylor. We, therefore, find that Alderman Taylor was guilty of a gross breach of the trust reposed in him by the people, and merits the severest censure of this Council.

2nd. With reference to the financial part of the transaction, we report that the amount paid by Alderman Taylor, namely, $15, after the transfer of the earth was publicly announced, was ridiculously low, and would further recommend that he (Alderman Taylor) pay an additional amount of $30, as passed by the Committee; but we do not believe the transaction can be made anything less reprehensible by the further payment of money.

3rd. We find the conduct of Alderman Taylor utterly unjustifiable on any and all grounds, from the evidence before your Committee.

On motion the report was taken up clause by clause.

Clause 1 passed.

On clause 2 an amendment was moved by Ald. Heaman, seconded by Ald. McDonald, that Ald. Taylor be charged the cost of removing the earth from the street and placed on his lot, which, according to evidence produced by the workman, is $68—less $15, which is already paid.

It was moved by Ald. Kingston, seconded by Ald. O'Meara, that the second clause be struck out. Lost.

Nays—O'Meara, Kingston, Dawson, Bartlett and the Mayor.

Ald. Stringer moved, seconded by Ald. Dawson, that the third clause be struck out.
